

# Live Stats Logo Catalog

Created and maintained by: Pete Roberts, Sports Information Assistant, Augustana College (SD)

- All files are .gif graphics. There is no rhyme or reason to the names of the gifs. They need to be long enough to be unique to not accidentally copy over, but not so long that they take a long time to type out. For instance, Southwest Minnesota State is smsu.gif and not southwestminnesotastate.gif.
- The gifs are all created using a long dimension of anywhere between 150 to 200 pixels. Each logo takes up anywhere between 1 and 20 KB of memory.
- Some logos have a gray/white outline around it, or are still contained within a white background. This is made at Pete's discretion so that pieces of the logo will not be compromised against various colored backgrounds.
- If you are not happy with your team's logo, please contact Pete Roberts at [roberts\\_00@yahoo.com](mailto:roberts_00@yahoo.com) or (605) 498-0613 and let him know what to change or replace. Some of the logos were created from logos embedded in other graphics that involved a lot of freehand erasing, color matching, and other tweaking to remove the logo from the other content.
- If you cannot find a logo and would like one made, please contact Pete Roberts at [roberts\\_00@yahoo.com](mailto:roberts_00@yahoo.com) or (605) 498-0613.
- **To find a school, enter a piece of the same in the search box above or search by conference.**
