

Viking Flex Health & Safety Pledge

As a member of the Augustana community, which values care for one another and our environments, I recognize that I am part of something much bigger than myself. As such, I, **(insert your name)**, commit to my personal role in keeping the Augustana community healthy and safe.

I understand and acknowledge the following:

- The established protocols and guidelines will be for my own protection and also for the health and safety of those who teach me, learn alongside me, live in community with me, and serve me;
- That some members of our community are immunocompromised or have other underlying health conditions;
- My adherence to these protocols both safeguards their health and safety and also increases the likelihood that students and faculty will be able to finish the modified fall semester in-person, as outlined in the Viking Flex Plan;
- The use of masks is highly recommended and will be required in certain spaces;
- I need to bring masks and a thermometer from home, and I pledge to self-monitor for any symptoms of COVID-19. If I experience symptoms, I will isolate myself and seek medical advice immediately;
- It is my responsibility to disinfect community spaces that I use in order to make the area ready for the next person.

Finally, in order to help prevent the spread of COVID-19, I pledge to engage in the following behaviors:

- Respect physical distancing;
- Wear personal protective equipment when requested;
- Maintain good personal hygiene habits, which include frequent hand washing and other Centers for Disease Control recommendations.

I commit to follow these safety protocols and guidelines in recognition of my role as a valued member of the Augustana community and the vital contribution I can make to the health, safety, and well-being of myself and our entire community.
