

2023-2024 FEDERAL TUITION ASSISTANCE TUITION AND FEE SCHEDULE

Augustana University charges a flat rate tuition for full time enrollment (12-16 credits/semester). This full time tuition charge is \$38,150 for the 2023-2024 academic year. The Department of Defense requires that we break this flat rate tuition down to a “per credit cost” for full time students. They make no exceptions to this.

The Department of Defense provided us the following calculation to calculate the per credit charge: for undergraduate students: tuition cost (\$38,150) X number of years to complete program (4) = \$152,600 / total number of semester hours to complete program (124) = cost per hour (\$1,231). Following this calculation Augustana’s full time per credit hour charge is \$1,231
