## CATEGORIES OF PARTICIPATION

- A. **COMMENTS ONLY** – Written and oral comments from the adjudicators made available to the students and director based on their performance.
- B. **RATING ONLY** – A rating of either:  
**I – Superior, II – Excellent, III – Good, IV – Fair**  
In addition, written and oral comments from the adjudicators are made to the ensemble.
- C. **COMPETITION** – Jazz ensembles compete against one another for a ranking. A point total is assigned to each band in their selected classification. Written and oral comments will be made available. Two trophies will be awarded in each classification. These trophies will be awarded at the brief awards assembly found on the schedule.

## TYPE OF MUSIC TO BE PERFORMED

- A. The music performed should represent contrasting styles. **No more than 25 minutes should be performed.** For example, an up-tempo swing selection and a ballad represent diversity in style. While music preferences are left to the discretion of the director, adjudication will occur based on the style of music indicated on the scores. Conductors may not perform with the students.

## TIME ALLOTMENT

- A. Each participating ensemble will have **30 minutes** of set-up, performance, and clinic time. During this time the conductor may use discretion as to what they want to do. An ensemble may wish to play for 15 minutes and receive a clinic for 15 minutes. However, at the end of 30 minutes the next ensemble will be escorted into the room. As a reminder, playing too long will diminish the time your band will have with the clinicians. **Bands going longer than 30 minutes will be docked one point for every minute they go over time.**
- B. Two sites will be maintained with a common area for warm-ups. Each ensemble will have a **15-minute** individual band warm-up area immediately prior to their performance in the choir room. Individuals may warm-up in the lower level of the music building, in the practice rooms.

## EQUIPMENT

- A. The university will furnish chairs, music stands, a tuned piano, and a vibraphone in each performance site. **No drum sets will be provided.**
- B. A sound system will be provided at each performance site: college students will operate it. No amplifiers will be provided for electronic instruments. **Please remember to bring extension cords and all “special needs” for your individual ensembles.**
- C. If you have a problem in transporting certain equipment, please contact us in advance and we will try to assist you.

## **SELECTIONS**

- A. Fill out the composition information with the proper information on the google registration form. It is recommended that you perform at least 2 selections in contrasting styles. **Please provide scores for the judges.** Photo copies are acceptable, but will be destroyed following your performance. **Bands going longer than 30 minutes will be docked one point for every minute they go over time.**
