

## 2026-2027 FEDERAL TUITION ASSISTANCE TUITION AND FEE SCHEDULE

Augustana University charges a flat rate tuition for full time enrollment (12-18 credits/semester). This full time tuition charge is \$41,986 for the 2026-2027 academic year. The Department of Defense requires that we break this flat rate tuition down to a “per credit cost” for full time students. They make no exceptions to this.

The Department of Defense provided us the following calculation to calculate the per credit charge: for undergraduate students: tuition cost (\$41,986) X number of years to complete program (4) = \$167,944 / total number of semester hours to complete program (124) = cost per hour (\$1,354). Following this calculation Augustana’s full time per credit hour charge is \$1,354

### Undergraduate Tuition:
